

SALVADOR VAZQUZ - Athletic Student of the Month

Salvador is a grade 12 student from Mexico, and recently was a finalist in a U18 tournament. Salvador was selected by our Head Coach, Walter Garcia, who is quoted by saying, "Salvador is the fastest player at the academy, hardly ever misses a practice, and has a strong serve as well as a one-handed backhand."

Salvador's favourite tennis player is Novak Djokovic, due to his game style and mental strength. In order for Salvador to prepare mentally for his own matches, he gets himself into a positive head space, believing that he can win, and does his best to remove his fears.

When asked what advice he would give to his peers, Salvador responded by saying, "Focus on your strengths, train hard even when results aren't immediate, and keep training until you hit your goals."

Congratulations Salvador!
